

you now that the feds will have their foot to the floor again next year. The 1993 session will be one of tough budget choices. We must be prepared to cut the budget. Our spending discipline did not prevent us from achieving some other extremely important objectives this year. I am pleased that additional funds have been provided in this year's budget that will enhance early childhood programs, services for the elderly, assistance to crime victims, and library automation for 13 Nebraska communities. I am also pleased that 24 community-based domestic violence programs will receive additional funding this year. One of the most notable pieces of legislation in many years was accomplished this year with the passage of LB 1257. This bill strengthens environmental protection on several fronts from solid waste management to air quality, to establishment of the Environmental Trust Fund, and I am extremely pleased to have LB 1257 enacted into law. Our plate will be full again next year with dozens of difficult policy issues, but each of us can leave here today knowing that we have given the best of ourselves for the good of Nebraska. I thank you for your patience, your hard work, and your commitment to the citizens of Nebraska. Together we have accomplished much. Bernice, Elroy, Howard, Ed, Jerry, Dick, Lowell, and Emil, I will miss you. Good luck in your future endeavors. God go with you. As for the rest of you, I will see you next January. Have a good summer. Thank you. (Applause.)

Madam President, I move that all bills not otherwise disposed of, except my bill, whoops, that isn't in there, excluding bills on Final Reading and vetoed or line-item vetoed bills on this date, be indefinitely postponed. Further, that the Chairpersons of all Standing Committees file with the Clerk of the Legislature all Standing Committee records so that a proper record may be made of the final disposition of all bills. Amen.

PRESIDENT MOUL: Thank you, Senator Lamb. You have heard the motion. All those in favor please say aye. Opposed nay. The
